Save Money  
Be compliant**

# MPH Fleet Management

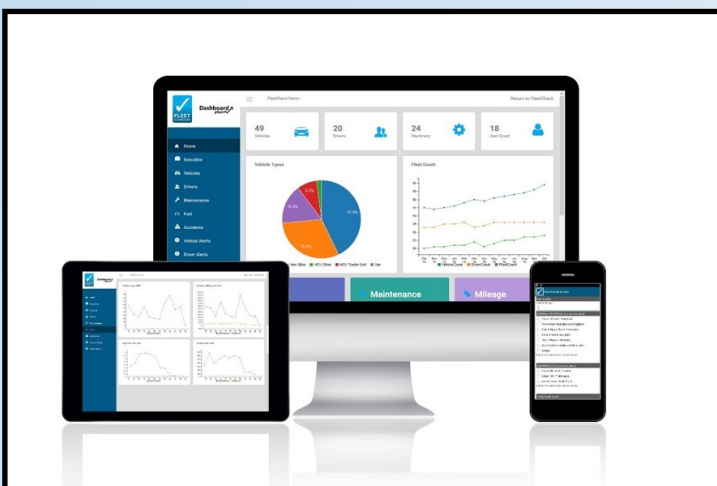

MPH offer a complete fleet management service. This includes both the day to day running of your vehicles, managing your drivers and also making sure your vehicles are in good running order.

This is backed up by an online award winning software package and driver APP to allow drivers to carry out vehicle checks and receive important information.

In simple terms, MPH become your virtual fleet manager, we get to know your procedures and how you work and integrate our services into your systems.

This allows you to set the parameters that we work to and maintain full control but in the knowledge that you have an experienced team looking after your vehicles and making sure everything is completed correctly and in a timely manner.

This not only helps keep costs down but also keeps you compliant with current legislation.

All the information about your fleet can be obtained securely online via your computer, tablet and mobile phone.

Drivers have an App to record vehicle checks. The App includes lots of useful information.

# What's included with our Fleet Management

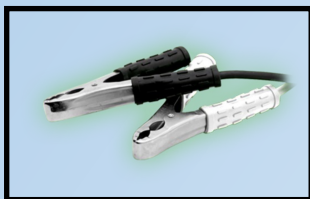

## Servicing and repairs

With a dedicated network of garages including main dealer and independent garages we can help reduce your service and maintenance costs.

## Tyres

We have key accounts with the main tyre companies along with local garages to offer competitive pricing. We also have mobile tyre fitters when you need a tyre fitted at the side of the road, home or office.

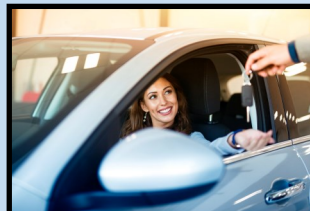

## Breakdown and recovery

Choose between contract or pay as you go breakdown. We have you covered in any eventuality from a with breakdowns, wrong fuel fill ups or a flat battery.

## Accidents

What do you do in the event of an accident. We deal with it from the accident site to getting your car back on the road, including getting you into another car while yours is being fixed.

## Hire cars

Need a vehicle for a day, week, month or a year, we can assist in getting you the best

## Vehicle Excess duty, MOT's and MID insurance Database

Do you know when your vehicle needs taxing, Does it have a valid MOT, Is it insured and on the MID database? We carry out all these checks on a regular basis to make sure your vehicles are legal.

## Documentation

We carry out driving licences and medical checks. Provide comprehensive driver and vehicle handbooks.

## One call does it all

No need to have different numbers for each service. Call us and we deal with all aspects. This could be booking in a Contract Hire Vehicle on a service plan to an older vehicle that needs some TLC.

# See if you are meeting your obligations ?

By completing our Fleet Compliance Assessment as honestly as possible you will be able to see where you may need to look at your procedures and address any areas of potential vulnerability.

Company responsibilities	Yes	Maybe	No
Are you confident that your company manages its related road risk adequately?			
Do you issue a drivers handbook and work related road risk policies and procedures?			
Are you confident that your vehicles and drivers are compliant with current regulations?			
Do you current use spreadsheets to manage your fleets?			

Vehicles	Yes	Maybe	No
Do your drivers carry (and submit) regular vehicle safety inspections?			
Do you have a robust way of recording garage advisory repairs, backed up with an audit trail to track their completion?			
Are you confident that your fuel spend is monitored correctly?			
Do you know when MOT, Service, and Road fund licenses are due?			

Drivers	Yes	Maybe	No
Do you record incidents and penalties associated with your drivers?			
Do you have a reliable way of establishing who your high risk drivers are?			
Do you carry out regular checks on your drivers' licences?			
Do your drivers carry out regular declarations that they are medically fit to drive?

# MPH Offer a complete solution

## **Dedicated support:**

From people that care about your business and here to support you from the start to finish.

## **Vehicle Finance and Leasing:**

We have a panel of finance funders to compare and get you the best deals for you. MPH work with the UK's leading funders including Lex Autolease, LeasePlan, ALD, Novuna, Alphabet, BNP, Close Brothers to name but a few.

When you are looking for a vehicle we compare all our funders to find the best rate for you.

## **Bespoke vehicle discounts:**

We work closely with manufacturers to get the very best discounts and as part of a larger buying group we can often get additional terms over and above those of the funders.

## **Full Fleet Management:**

We offer a full suite of fleet procurement and management tools to help you manage your car and van fleet.

## **Vehicle Tracking:**

Knowing the location of your vehicles and being able to schedule routes, monitor fuel usage and manage driving behaviours can reduce accidents, reduce fuel usage, reduce mileage therefore increase profits.

## **Offset your carbon footprint:**

We work with Ecologi, so can offset your vehicle carbon footprint.

## **Contact us:**

For further information or to receive a free review of your current vehicle fleet and see how you could make savings then please contact us:
